

Terms and conditions of data

Manifold Data Mining inc.

“Data Materials” means all data provided in spreadsheet or database format.

(a) make additional soft and hard copies of the data materials beyond the team for Data Viz Art Challenge.

(b) distribute data materials or any portion thereof or derivatives to any third party, by any manner whatsoever, including any form of on-line technology (i.e. Internet) or otherwise.

(c) integrate the data materials into any third party software for any purposes other than for the Data Viz Art Challenge.

(d) use the data materials or output to prepare, verify or modify any advertisement, directory, mailing list or other marketing compilation which is sold, rented or otherwise provided to third parties.

(e) use the data materials for projects other than the Data Viz Art Challenge.

(f) reverse engineer, decompile or otherwise decode the data materials or any portion thereof.

(g) distribute, market, license or sell any derivative work based on the data materials.

(h) at the conclusion of the Data Viz Art Challenge, March 22, 2019, data materials must be erased from all computer systems and hard copies must be destroyed.
